A letter from our President

It is said that "Volunteers are not paid not because they are worthless, but because they are priceless." No truer words were spoken, especially for our volunteers. Every Friday night during bingo I stop to thank our volunteers and remind everyone, without our volunteers there would be no bingo.

Because we are a non-profit organization it seems that every winter season we are looking for volunteers to help out with the many functions that are carried out during the active months of our small community. Some years we get new volunteers but more often than not, we don't. Many times I am asked why we don't keep the hall open during the summer like it is in the winter. The answer is always simple, we don't have the volunteers to staff the functions and because our winter volunteers head back north for the summer. So the next time you hear someone complaining about something at the hall, remind them how tireless our volunteers work. I'll see you at the hall.

All-Haul (Garbage & Recycling) Information

All-Haul 727-847-2420

As some of you might be aware there is a lot of trash not being picked up in the park. This summer we implemented that if your bill is not paid.... service will be suspended it's as simple as that. If you are getting tired of seeing all the trash your only recourse as of now is to call county code enforcement.

There is a 5bag limit so if you put more out to the curb it won't be picked up. Everything should be bagged and in a garbage can. DO NOT put dead animals, syringes with needles, etc. in your garbage can. It is a health and safety danger not only to us but the All-Haul workers. Weight limit is 50 pounds.

Put your trash can(s) at the end of your driveway only. NOT by mailbox, behind bushes, etc.

On the last Saturday of every month is big item pick-up only. NO tv's, appliances, tires. This is for a few items only not a whole house. DO NOT put item(s) out at the curb until the night before.

There is a change as to what recycling will pick up now. * See flyer below

Call your trash hauler for a schedule or to order a cart. Pasco County does not pick up your recycling.

Why No Glass?

Glass is expensive to process and there is no viable market for recycled glass in Florida. When glass breaks, it acts as a contaminant for other materials and makes them more difficult to recycle. To reduce costs and increase the recyclability of the overall stream, glass is no longer accepted.

Why No ?

We can only accept the items listed, because the machines that separate recycling are only designed for certain items. Anything else can cause the machines to seize up, slow down, or even break.

When in doubt, throw it out!

PLEASE RECYCLE ONLY:

Aluminum Cans

Metal Food Cans

Plastic Bottles, Jugs & Small Containers #1, #2, #3, #4, #5 & #7 *(Please throw away nozzles and caps.)*

Flattened Cardboard

Paper
